There will also be prizes for the best Novice Display, Most Innovative Display and Display voted by the public as the best.

JUDGING: The system used is one where all entries in the same category and section are ranked in order of merit. Judges use five criteria of equal rank (except where stated otherwise). These are 1. Quality & rarity; 2. Interest & age; 3. Variety; 4. Condition (see note); 5. Display and information. NOTE: Condition – rarity will be considered when judging condition. Items need not necessarily be mint although this is desirable. If condition adds to the character as an old item, this should not detract from ranking. There will be five judges. In the event of a tied decision, an adjudicating judge will be called in to decide. All judgements will be recorded on sheets and available for perusal on completion of judging. Please read your schedule carefully as mistakes may lead to disqualification.

SPACE ALLOCATION One metre by table width unless otherwise stated in category details. All competitive entries must be displayed on the table provided. All displays must be neat from back view, so as not to detract from smaller entries that may be behind them.
